

## FIF at Trieste Next - the Festival of Scientific Research

The Italian Liver Foundation will be present at Trieste Next, the Festival of Scientific Research with the following initiatives:

### **Friday 25 - Saturday 26 - Sunday 27 September**

#### **- Area Stand**

**Piazza Unità d'Italia, Trieste, Italy**

#### **THE LIVER CELL AT WORK**

Interactive activity

The liver is the largest solid organ in the human body, it performs many vital functions for our organism. It has the remarkable ability to regenerate when damaged ... and it doesn't age! However, some situations put him "in a tight spot". A liver cell model illustrates the functions performed by this organ in normal conditions and in the disease processes that stress or damage it.

**Recipients :** ALL

**Curated by :** FIF - Italian Liver Foundation

**Access to the activity is FREE - maintaining compliance with the anti-contagion Covid legislation.**

#### **— Conferences with COMPULSORY RESERVATION:**

**Friday 25 September 2020 / 4.30 pm - 5.45 pm**

#### **- Talk Area**

**Piazza Unita d'Italia, Trieste, Italy**

**[AGRICOLTURA VIRTUOSA: ALLEATA DELL'AMBIENTE E DELLA SALUTE UMANA?](#)**

**[- VIRTUOUS AGRICULTURE: ALLY FOR THE ENVIRONMENT AND HUMAN HEALTH?](#)**

*Section*

**Meetings with Science**

*What can be the synergies between virtuous agriculture and obesity? How can virtuous agriculture benefit both the environment and human health? On the one hand, the possible strategies and projects for the development of VA will be analyzed, and on the other hand, the hepatic benefits that this approach would have in avoiding the growing incidence of fatty liver and its complications.*

*Speakers*

**Luciano Navarini**, illycaffé Research and Scientific Coordination Manager

**Natalia Rosso**, senior researcher of the Italian Liver Foundation

**Claudio Tiribelli**, scientific director of the Italian Liver Foundation

**Luca Turello**, illycaffé agronomic experimentation manager

**Moderate**

**Cristina Serra**, science journalist, TWAS - Public Information Office

*Curated by the Italian Liver Foundation*

**NB: RESERVATION IS COMPULSORY.**
